Low Impact Circuits

Fun low impact circuits class without a jump, high knee run or burpee in sight! Focusing on good form, functional movements and working up a sweat. Aiming to keep you moving whilst recovering from an injury, moving through all 3 trimesters in pregnancy, starting back into exercise after having a baby or if you're new to exercise.

Heavy Hiit

Heavy Hiit is a high intensity interval class with weights incorporated. Covering all aspects of fitness from Cardiovascular, muscle strength and endurance. The class will change weekly and adaptations can be made to all exercises.

Somatic Yoga

Somatic yoga emphasises mindful movement and body awareness addressing muscle tension and allowing for a fuller range of movement. Rather than focusing on poses, the focus is on small movements and how they feel in your body. Great for reducing stress and helping to relieve muscle tightness.
