Dancercise

Dancercise is an energising dance exercise class using music from different genres to get you moving. Within one session you'll be winding your hips to a strong Reggaeton beat one minute, disco dancing the next, before moving onto a cheeky shimmy in a catchy salsa number! All you need is an enjoyment of dance to join in! It's how you interpret the dance that matters not about which is why it's suitable for all fitness levels!

Low Impact Circuits

Fun low impact circuits class without a jump, high knee run or burpee in sight!

Focusing on good form, functional movements and working up a sweat.

Aiming to keep you moving whilst recovering from an injury, moving through all 3 trimesters in pregnancy, starting back into exercise after having a baby or if you're new to exercise.

MyZone HIIT

A Myzone class uses a wearable heart rate monitor to track your effort (not just fitness) in real-time, displaying your heart rate zones on screens to gamify workouts, rewarding effort with MEPs (Myzone Effort Points) for consistency, making all fitness levels feel equal and motivated in fun.

Members can still attend the class if you don't have MyZone!
Why not test one out – Ask your instructor for details!
