Dancercise is an energising dance exercise class using music from different genres to get you moving. Within one session, you'll be winding your hips to a strong Reggaeton beat one minute, disco dancing the next, before moving onto a cheeky shimmy in a catchy salsa number! All you need is an enjoyment of dance to join in!

Yogalates

Yogalates is a fitness and wellness practice that combines elements of yoga and Pilates, creating a unique and comprehensive approach to physical fitness, flexibility, and mindfulness. It is designed to promote overall well-being by incorporating the principles and exercises of both yoga and Pilates into a single workout.

Aquafit & Express Aquafit

Aquafit is a fun and energetic class conducted in the pool. The unique physical properties of water provide an ideal environment for exercise adding additional resistance but with no impact on the body's joints.
